

A Fluid Flow Products Company

# Your Leading Valve And Actuation Manufacturer's Representative/Stocking Distributor.

New Gen Products has partnered with quality manufacturers and made inventory investments supporting customers in Power, Oil and Gas, Refining, Petrochemical, Aerospace, HVAC, Food and Beverage, Pharmaceutical, Renewables and other industrial markets.

Our staff has a combined 185 years of experience in valve, automation, and flow control. We have a full automation shop for assembly, testing, machining, and fabrication.

## Gate, Globe and Check Valves

- Cast & Forged
- Carbon, Stainless & Exotic
- Pressure Seal
- Non-Slam Check
- Angle-Seated Globe

## Ball Valves

- Floating & Trunnion
- Carbon, Stainless & Exotic
- Soft & Metal Seated
- Severe Service

## Butterfly Valves

- AWWA
- Resilient Seated
- High Performance
- Triple Offset
- Damper

## Knife Gate Valves

- Soft & Metal Seated

## Plug Valves

- Eccentric
- Non-Lubricated & Lubricated
- Lined/Sleeved
- Double Block & Bleed Expanding

## Actuators

- Pneumatic
- Electric
- Electro-Hydraulic
- Hydraulic

## Actuation

- Solenoids
- Limit Switches
- Positioners
- Instrumentation

## Strainers/Filtration

- Y-Type, Simplex, Duplex
- Basket, Bag, Cartridge
- Automatic & Self-Cleaning

## Other Products

- Control Valves
- Cryogenic Valves
- Diaphragm Valves
- Relief Valves

**From commodity to complex, we are your valve automation specialists!**

Manual Valves, Automated On/Off, Modulating Control Valves, Mechanical Fail-Safe, Battery Backup, Emergency Shutdown, Trip-Stop, Fast Acting, High-Cycle, High-Temperature, Cryogenics, Severe Service, and many more.

New Gen Products is a leading solutions provider focused on technically oriented products and services for the flow control, industrial automation and life sciences.

As a critical intermediary between suppliers and customers, NGP's sales & services teams serve an essential function in solving challenging problems for customers in diverse end markets and applications.

**PROVEN SOLUTIONS FOR ANY APPLICATION**

**Ball Valves**

FLOW CONTROL GROUP

**FCG is a Collection of World-Class Companies Dedicated to the Relentless Pursuit of Product & Service Excellence**

**New Gen Products is a Proud Member of the Flow Control Group Family of Companies**

160+ Locations

75+ Unique Brands

2000+ Supplier Relationships

Flow Control Group (FCG) is a leading solutions provider focused on technically oriented products and services for the flow control, fluid handling and process & industrial automation sectors. We leverage the vast experience and expertise across our family of companies to provide customers unmatched access to engineering and technical service capabilities within a vast array of technologies, include:

- Air Compression, Dehydration & Purification
- Instrumentation, Measurement & Controls
- Process Automation
- HMI/SCADA and MES Software and Services
- Single-Use Components
- Motion Control, Machine Vision, Robotics & Safety
- Pumps & Controls
- Sealing, O-Rings & Materials
- Steam & Condensate
- Hoses, Tubing & Connectors
- Filtration & Purification
- Heat Trace & Transfer
- Corrosion Resistant and Flow Control
